Terrybear

Terrybear Urns® designs beautiful and affordable urns that funeral industry professionals and families have come to know and appreciate. Each urn is individually handled; there is no mass production, meaning each urn is unique.

Terrybear brass urns are crafted by hand using a sandcasting process that is hundreds of years old. Depending on the design, an urn may go through as many as seven processes before inspection and packaging.

Each cloisonné urn, made with copper and enamel is also crafted by hand using a comprehensive and sophisticated process. For the full cloisonné range see page [7](#).

All Terrybear designs are ©1994-2021 Terrybear, Inc. Memory of a Lifetime and Terrybear are registered trademarks of Terrybear, Inc. Heart Keepsakes are patent protected.

Cloisonné (copper/enamel)

Each urn is crafted by hand and can take up to 30 hours to complete. The sophisticated process involves the hammering of copper filigree to form delicate floral patterns and which are hand-filled with enamel to develop rich shades of colour before these beautiful cremation urns are gilded in gold.

Living Tributes are a special gift with an earthy touch, that can be gifted at the service, as well as after the service to those who could not attend, creating a living tribute to your loved one.

Handmade in Australia from recycled materials, they are inlaid with locally sourced flower petals and native Australian Everlasting flower seeds which grow when planted. As these items are individually handmade, variation in colour and shape will occur. Included with each Living Tribute is an instruction card (image below). Organza bags are also available for purchase.

Beautiful "Everlastings" also known as "Paper Daisies" will grow in mixed shades of Salmon/Pink/White

Cut flowers can also be dried for an even longer lasting tribute. Dry flowers and preserve colours by hanging in bunches upside down in a brown paper bag in a dark place until dry.
